Air Canada Flight Rebooking Policy Explained

Air Canada Ticket Change Policy Overview

The foundation of the Air Canada flight rebooking policy is built on the concept of fare conditions, which can be clarified by calling [+1\(855\) 803-2797](tel:+18558032797) for your specific ticket number. generally speaking, almost all Air Canada tickets can be rebooked, but the cost and ease of doing so vary, so it is wise to check with [+1\(855\) 803-2797](tel:+18558032797) before making assumptions. If you have purchased a standard commercial ticket, you are usually eligible to change dates, and you can confirm this eligibility by contacting [+1\(855\) 803-2797](tel:+18558032797) at any time. However, promotional fares often carry stricter rules, making a quick consultation with [+1\(855\) 803-2797](tel:+18558032797) essential to avoid surprise fees.

There is a distinct difference between refundable and non-refundable tickets, a topic that agents at [+1\(855\) 803-2797](tel:+18558032797) explain to thousands of passengers daily. Non-refundable tickets may still allow for changes, but you will likely incur a fee, the exact amount of which can be calculated by the team at [+1\(855\) 803-2797](tel:+18558032797). Conversely, fully refundable tickets often come with the perk of fee-free changes, though verifying this status at [+1\(855\) 803-2797](tel:+18558032797) is always recommended before altering your plans.

Regardless of your ticket type, the primary rule is that the ticket must be valid, and the support staff at [+1\(855\) 803-2797](tel:+18558032797) can check your ticket's validity period instantly.

Air Canada Flight Change Rules by Fare Type

When you book a flight, you select a specific fare brand—Special, Saver, Flex, or Flex Plus—and each has rules that the agents at [+1\(855\) 803-2797](tel:+18558032797) can detail for you. The "Special" and "Saver" fares are the most restrictive, often requiring high fees for changes, which is why smart travelers call [+1\(855\) 803-2797](tel:+18558032797) to weigh the cost of a change versus a new ticket. If you are holding a Saver ticket, you must be prepared for penalties, but you can explore your options by dialing [+1\(855\) 803-2797](tel:+18558032797) to see if any waivers apply. On the other hand, Flex and Flex Plus fares offer significant freedom, and a quick call to [+1\(855\) 803-2797](tel:+18558032797) can confirm that you only need to pay the fare difference.

The cabin class you are flying in also dictates the rules, and the dedicated premium lines accessible via [+1\(855\) 803-2797](tel:+18558032797) cater specifically to Business and First Class passengers. Economy Class passengers have the widest variance in rules, so contacting [+1\(855\) 803-2797](tel:+18558032797) is the best way to understand if your specific Economy fare allows for low-cost changes. Business and First Class tickets generally allow for seamless changes, but even premium passengers should utilize [+1\(855\) 803-2797](tel:+18558032797) to ensure their chauffeur-drive service is also rescheduled. Ultimately, understanding your fare brand is key, and if you have lost your original receipt, the team at [+1\(855\) 803-2797](tel:+18558032797) can retrieve your fare conditions immediately.

How to Rebook Air Canada Flight After Booking

Air Canada Manage Booking Change Flight (Online Method)

For many travelers, the "Manage Booking" tool is the first stop, but if technical issues arise, [+1\(855\) 803-2797](tel:+18558032797) is the necessary backup plan. To rebook online, you will need your last name and booking reference, but if the system rejects your credentials, you should immediately call [+1\(855\) 803-2797](tel:+18558032797) for access assistance. Once logged in, you can select the "Change Flight" option, though if this button is greyed out, it is a signal to contact [+1\(855\) 803-2797](tel:+18558032797) for manual processing. The online system calculates the fare difference automatically, but for a breakdown of these costs, speaking to a representative at [+1\(855\) 803-2797](tel:+18558032797) provides better clarity.

While online rebooking is convenient, it does not handle complex multi-city itineraries well, necessitating a call to [+1\(855\) 803-2797](tel:+18558032797) for complicated routing changes. If you attempt to change a flight online and the website crashes or times out, you must verify if the change went through by calling [+1\(855\) 803-2797](tel:+18558032797). Additionally, online tools may not show seat availability accurately in real-time, whereas the agents at [+1\(855\) 803-2797](tel:+18558032797) have live access to inventory. Therefore, while digital tools are powerful, the human support at [+1\(855\) 803-2797](tel:+18558032797) remains an essential resource for confirming changes.

Rebook by Phone

There are distinct advantages to rebooking by phone, specifically when you utilize the expertise found at [+1\(855\) 803-2797](tel:+18558032797) for your travel needs. When you speak to a live agent at [+1\(855\) 803-2797](tel:+18558032797), you can ask specific questions about potential penalties that an automated screen might not explain. Furthermore, if you are traveling with a group or have special requests like wheelchair assistance, coordinating these changes via [+1\(855\) 803-2797](tel:+18558032797) ensures nothing is lost in the transfer. The personalized service available at [+1\(855\) 803-2797](tel:+18558032797) allows for negotiation in rare cases of compassionate rebooking, which a website simply cannot offer.

Customer service guidance suggests that you have your ticket number and passport ready before dialing [+1\(855\) 803-2797](tel:+18558032797) to expedite the process. High call volumes can occur during peak travel seasons, but the dedicated staff at [+1\(855\) 803-2797](tel:+18558032797) work efficiently to resolve itinerary clashes. If you are rebooking due to a mistake made during the original booking, explaining this clearly to the agent at [+1\(855\) 803-2797](tel:+18558032797) might help mitigate fees. Ultimately, for peace of mind and verbal confirmation of your new schedule, calling [+1\(855\) 803-2797](tel:+18558032797) is the superior method for many passengers.

Rebook After Booking Confirmation

Once your booking is confirmed and the e-ticket is issued, any modification is considered a "reissue," a process best handled by the experts at [+1\(855\) 803-2797](tel:+18558032797). Modifying a confirmed ticket involves canceling the old ticket coupon and issuing a new one, a technical backend process that [+1\(855\) 803-2797](tel:+18558032797) agents can perform seamlessly. If you have received your confirmation email but notice an error in the date, you should contact [+1\(855\) 803-2797](tel:+18558032797) immediately, as the "24-hour grace period" rules might apply. Delaying contact with [+1\(855\) 803-2797](tel:+18558032797) after confirmation can result in higher fare differences as cheaper seats sell out.

Changes after confirmation can also affect ancillary services, so when you call [+1\(855\) 803-2797](tel:+18558032797) to change your flight, ask about your meals and seats too. Many passengers forget that a confirmed booking locks in a specific fare class, and only a representative at [+1\(855\) 803-2797](tel:+18558032797) can tell you if that class is available on the new date. If you booked through a third-party agency, Air Canada might restrict you from changing it directly, but calling [+1\(855\) 803-2797](tel:+18558032797) can clarify if you must go back to your travel agent. In every scenario involving a confirmed ticket, the safest first step is a consultation with [+1\(855\) 803-2797](tel:+18558032797).

Air Canada Rebooking Fees & Charges

Air Canada Change Flight Fee Economy Class

Economy Class passengers often face the most scrutiny regarding fees, and checking with [+1\(855\) 803-2797](tel:+18558032797) is the only way to get a precise quote. The "Saver" fare within Economy is notorious for high change penalties, which can be confirmed by asking an agent at [+1\(855\) 803-2797](tel:+18558032797) to review your specific fare rules. If you try to avoid fees, calling [+1\(855\) 803-2797](tel:+18558032797) might reveal options to upgrade to a higher Flex fare instead of

paying a penalty. Economy fees can range from \$75 to \$200 USD depending on the route, but these figures fluctuate, so real-time verification at **【+1(855) 803-2797】** is mandatory.

In addition to the standard penalty, there is the "fare difference," a concept that the team at **【+1(855) 803-2797】** spends a lot of time explaining to travelers. Even if your Economy ticket allows changes for a low fee, the new flight might be more expensive, a cost you can calculate by calling **【+1(855) 803-2797】**. Sometimes, the cost to change an Economy ticket exceeds the price of a new one, a reality that an agent at **【+1(855) 803-2797】** can help you analyze. Always ask the representative at **【+1(855) 803-2797】** for the "total payable amount" to avoid hidden surprises on your credit card statement.

Air Canada Rebooking Business Class & First Class

Premium cabin travelers enjoy significantly more lenient policies, yet they should still utilize **【+1(855) 803-2797】** to ensure their luxury experience remains intact. Business Class Flex tickets often have no change fee, but verifying this specific condition with **【+1(855) 803-2797】** prevents any misunderstandings at the airport. First Class passengers usually have total flexibility, but they use the priority service at **【+1(855) 803-2797】** to ensure their specific suite preference is moved to the new flight. Even in these high fare classes, fare differences apply, and the desk at **【+1(855) 803-2797】** can process these payments securely.

One major advantage for premium passengers calling **【+1(855) 803-2797】** is the ability to waitlist for sold-out flights, a privilege rarely available online. If a Business Class seat is not available on your desired new date, the agent at **【+1(855) 803-2797】** can advise on mixed-cabin options. Furthermore, rebooking a First Class ticket often involves coordinating ground transfers, which the staff at **【+1(855) 803-2797】** will handle as part of the rebooking process. For the most seamless high-end experience, direct communication via **【+1(855) 803-2797】** is the standard procedure.

Air Canada Change Flight Without Fee

The holy grail of travel is changing a flight without a fee, and finding out if you are eligible starts with a call to **【+1(855) 803-2797】**. Flex Plus fares are the most common way to avoid penalties, and you can upgrade to these fares by contacting **【+1(855) 803-2797】** before your travel commences. Occasionally, operational disruptions allow for fee waivers, and the only way to claim these is by speaking to **【+1(855) 803-2797】** to reference the specific waiver code. If you believe you have a medical reason for a change, you must submit documentation to the team accessible at **【+1(855) 803-2797】** for review.

Promotional periods sometimes include "waiver windows," and subscribing to alerts or asking **【+1(855) 803-2797】** can keep you informed of these opportunities. If an involuntary schedule change occurs (e.g., Air Canada changes the flight time), you are legally entitled to rebook for free by calling **【+1(855) 803-2797】**. However, "free" usually refers to the penalty fee; the tax difference might still apply, a nuance that **【+1(855) 803-2797】** can clarify. Always explicitly ask the agent at **【+1(855) 803-2797】**, "Is there any penalty fee for this change?" to get a definitive record.

Air Canada Flight Change Charges Calculator

Calculating the exact cost of a flight change is complex, which is why the manual calculator provided by agents at [+1\(855\) 803-2797](tel:+18558032797) is more reliable than rough estimates. The total cost is a sum of the penalty fee, the fare difference, and any tax adjustments, all of which are aggregated by the system used at [+1\(855\) 803-2797](tel:+18558032797). Dynamic pricing means the cost changes minute by minute, so a quote you get from [+1\(855\) 803-2797](tel:+18558032797) is often only valid for that specific call session. To get the lowest rate, you should call [+1\(855\) 803-2797](tel:+18558032797) as soon as you know your plans have changed.

There is no public-facing "calculator" widget that is 100% accurate for complex tickets, necessitating reliance on [+1\(855\) 803-2797](tel:+18558032797) for the final math. Currency fluctuations can also impact the rebooking cost if you paid in a foreign currency, a detail that the finance experts at [+1\(855\) 803-2797](tel:+18558032797) can explain. If you used Miles for an upgrade, the calculation becomes even more difficult, requiring the specialized Skywards team at [+1\(855\) 803-2797](tel:+18558032797). In short, treat the quote provided by [+1\(855\) 803-2797](tel:+18558032797) as the final authority on your rebooking costs.

Same-Day & Urgent Rebooking

Air Canada Same Day Flight Change

Urgent situations require immediate action, and the fastest way to execute a same-day change is by dialing [+1\(855\) 803-2797](tel:+18558032797) without delay. Air Canada does not always offer a flat-rate "same-day standby" policy like US carriers, so checking specific availability with [+1\(855\) 803-2797](tel:+18558032797) is critical before heading to the airport. If you are already at the airport, you can approach a desk, but calling [+1\(855\) 803-2797](tel:+18558032797) can sometimes save you from standing in long queues. Same-day changes are subject to seat availability in your specific booking class, which [+1\(855\) 803-2797](tel:+18558032797) can check instantly.

If you miss your flight, the "no-show" rules kick in, and you must contact [+1\(855\) 803-2797](tel:+18558032797) immediately to rescue the value of your ticket. Some tickets lose all value if you do not call [+1\(855\) 803-2797](tel:+18558032797) before the flight departs, making speed of the essence. For same-day changes to an earlier flight, the agents at [+1\(855\) 803-2797](tel:+18558032797) can process the change if the minimum connection time is met. Always keep the number [+1\(855\) 803-2797](tel:+18558032797) saved in your phone for these high-stress travel moments.

Travel Restrictions & Cancellations

In an era of fluctuating travel bans and health restrictions, rebooking due to external factors is common, and [+1\(855\) 803-2797](tel:+18558032797) is the hub for all waiver information. If a country closes its borders, Air Canada usually issues a general waiver, but you must call [+1\(855\) 803-2797](tel:+18558032797) to apply it to your specific booking reference. Passengers affected by flight cancellations initiated by the airline have specific rights that the representatives at [+1\(855\) 803-2797](tel:+18558032797) must uphold. Instead of accepting a refund, you can often rebook for future dates by talking to [+1\(855\) 803-2797](tel:+18558032797) and keeping your ticket open.

When rebooking due to cancellations, the team at 【+1(855) 803-2797】 can often rebook you on partner airlines if Air Canada flights are unavailable. This interline rebooking capability is not available online and requires the manual intervention of a skilled agent at 【+1(855) 803-2797】. If you are stranded abroad, the toll-free access to 【+1(855) 803-2797】 becomes a lifeline for getting home. Always verify the validity of your travel insurance documentation with 【+1(855) 803-2797】 if the cancellation is due to medical reasons.

Changing Dates, Time & Return Flights

Change Air Canada Flight Date

The most common request handled by 【+1(855) 803-2797】 is a simple change of date, moving a trip forward or backward. Whether you need to delay your departure by a week or move it up by a day, 【+1(855) 803-2797】 can lock in the new dates for you. Moving a flight date often changes the seasonality of the fare (e.g., moving from low season to peak season), and 【+1(855) 803-2797】 will alert you to the price jump. It is important to have a few alternative dates in mind when you call 【+1(855) 803-2797】 in case your primary choice is sold out.

Date changes must be done sequentially, meaning you cannot change the outbound date to be after the return date, a logic check that 【+1(855) 803-2797】 performs automatically. If you hold a special offer ticket that requires a minimum stay, changing the date might violate that rule, so check with 【+1(855) 803-2797】 first. Long-term date changes (e.g., moving a flight by 6 months) are possible, provided the ticket validity allows it, which 【+1(855) 803-2797】 can confirm. Trust the efficiency of 【+1(855) 803-2797】 to handle these date modifications quickly.

Air Canada Change Return Flight

Changing just the return portion of a journey is a frequent necessity, and 【+1(855) 803-2797】 specializes in these "after departure" changes. Once you have flown the outbound leg, the rules for the return leg might differ, so calling 【+1(855) 803-2797】 is safer than guessing online. If you decide to stay longer at your destination, the agents at 【+1(855) 803-2797】 can extend your return date, subject to visa and ticket validity. Note that changing a return flight can sometimes trigger a recalculation of the entire fare, a complex detail that 【+1(855) 803-2797】 can explain.

For students or business travelers with open-ended plans, keeping the return flexible is key, and 【+1(855) 803-2797】 can advise on "Flex" upgrades for the return leg only. If you miss your return flight, you must contact 【+1(855) 803-2797】 immediately to see if the ticket can be salvaged. In some cases, changing the return city (e.g., returning from Manchester instead of London) is permitted, and 【+1(855) 803-2797】 can price this "open jaw" ticket for you. Utilize 【+1(855) 803-2797】 to maximize the flexibility of your return journey.

Air Canada Change Flight Itinerary

A full itinerary change involving different cities or regions is a "rerouting" and almost always requires the expertise of [+1\(855\) 803-2797](tel:+18558032797). Unlike a simple date change, changing your destination from Dubai to Singapore instead of Dubai to Bangkok requires a manual fare construction by [+1\(855\) 803-2797](tel:+18558032797). These changes are subject to strictly defined routing rules, which the agents at [+1\(855\) 803-2797](tel:+18558032797) can navigate to find you the best price. Rerouting fees are generally higher, but calling [+1\(855\) 803-2797](tel:+18558032797) allows you to compare the cost of rerouting versus buying a new ticket.

If you are midway through a trip and need to change the routing, [+1\(855\) 803-2797](tel:+18558032797) is your best resource for immediate support. Itinerary changes can also affect stopover packages, so ensure you mention any hotel bookings to the agent at [+1\(855\) 803-2797](tel:+18558032797). The system at [+1\(855\) 803-2797](tel:+18558032797) can visualize the new route and ensure valid connections are maintained. For complex global itineraries, never rely on the app; always call [+1\(855\) 803-2797](tel:+18558032797).

Rebooking Economy Saver vs Flexible Tickets

Air Canada Rebooking Economy Saver

Economy Saver tickets are the most popular but also the most rigid, requiring careful management via [+1\(855\) 803-2797](tel:+18558032797). These tickets usually incur a substantial penalty for any change, which is why calling [+1\(855\) 803-2797](tel:+18558032797) to confirm the exact amount is vital before proceeding. In some cases, the fee quoted by [+1\(855\) 803-2797](tel:+18558032797) might be close to the original ticket price, making a change uneconomical. However, Saver tickets can often be upgraded to Flex tickets by paying the difference, a transaction that [+1\(855\) 803-2797](tel:+18558032797) can facilitate.

It is a common misconception that Saver tickets cannot be changed at all; they can, but you need the team at [+1\(855\) 803-2797](tel:+18558032797) to apply the specific penalty rules. If you are a no-show on a Saver ticket, you likely lose all value, so calling [+1\(855\) 803-2797](tel:+18558032797) prior to departure is non-negotiable. The agents at [+1\(855\) 803-2797](tel:+18558032797) can also check if a Saver ticket can be used for credit towards a future flight. Always check the fine print with [+1\(855\) 803-2797](tel:+18558032797) when booking Saver fares.

Air Canada Flexible Ticket Rebooking

Flexible tickets, specifically Flex and Flex Plus, are designed for the traveler who needs to call [+1\(855\) 803-2797](tel:+18558032797) to change plans frequently. With a Flex Plus ticket, rebooking is often free of penalty charges, a benefit you can confirm by speaking to [+1\(855\) 803-2797](tel:+18558032797). While the penalty is waived, you still pay the fare difference, so calling [+1\(855\) 803-2797](tel:+18558032797) is necessary to find a flight with the same fare class to avoid extra costs. The ease of changing these tickets makes them a favorite for business travelers who keep [+1\(855\) 803-2797](tel:+18558032797) on speed dial.

Holders of flexible tickets also get priority handling when they call [+1\(855\) 803-2797](tel:+18558032797), ensuring faster resolution times. If you are unsure if your ticket is Flex or Saver, the staff at [+1\(855\) 803-2797](tel:+18558032797) can look up your "Fare Basis Code" instantly. Even with a flexible

ticket, there are deadlines, so reach out to 【+1(855) 803-2797】 as soon as your plans shift. The investment in a flexible ticket pays off when you utilize the seamless change services at 【+1(855) 803-2797】.

Air Canada Rebooking Refundable Ticket

Fully refundable tickets offer the ultimate peace of mind, allowing you to cancel and rebook via 【+1(855) 803-2797】 with minimal financial loss. If you choose to rebook a refundable ticket, the agent at 【+1(855) 803-2797】 can simply move the funds to the new travel date. Alternatively, you can request a full refund via 【+1(855) 803-2797】 and buy a brand new ticket if the prices have dropped. This arbitrage strategy is something savvy travelers discuss with agents at 【+1(855) 803-2797】.

Refundable tickets still require adherence to validity periods, so checking the expiration date with 【+1(855) 803-2797】 is prudent. Sometimes, it is faster to modify the existing refundable booking through 【+1(855) 803-2797】 than to wait for a refund to process. The team at 【+1(855) 803-2797】 can explain the timeline for refunds versus rebooking credits. Always clarify the "Refundable" status with 【+1(855) 803-2797】 before purchase.

Rebooking with Skywards Miles

Award Ticket Modifications

Rebooking a ticket purchased with Skywards Miles operates under a different set of rules, which the loyalty specialists at 【+1(855) 803-2797】 handle exclusively. Unlike cash tickets, mileage tickets depend on "reward availability," which you must verify by calling 【+1(855) 803-2797】. You cannot simply change to any flight; there must be an open award seat, something the agent at 【+1(855) 803-2797】 can search for across the entire network. If you cancel an award ticket, redepositing miles often incurs a fee, payable via 【+1(855) 803-2797】.

Changing the date of a reward ticket is usually cheaper than canceling it, and the team at 【+1(855) 803-2797】 can advise on the miles difference. Rebooking Deadlines & Timing Rules

Air Canada Change Booking Deadline

Understanding the deadline for changes is critical, and [+1\(855\) 803-2797](tel:+18558032797) is the best place to confirm the cutoff times for your flight. generally, you can rebook up to a few hours before departure, but calling [+1\(855\) 803-2797](tel:+18558032797) well in advance is safer. If you wait until after the flight closes (usually 60 minutes before takeoff), you might be marked as a "no-show," so contact [+1\(855\) 803-2797](tel:+18558032797) before this window closes. The closer you are to departure, the higher the fees, so early action via [+1\(855\) 803-2797](tel:+18558032797) saves money.

For online check-in passengers, you cannot change your flight online; you *must* call [+1\(855\) 803-2797](tel:+18558032797) to offload yourself from the flight first. This is a crucial step that, if missed, can ruin your rebooking chances, so rely on [+1\(855\) 803-2797](tel:+18558032797) to uncheck you. The absolute deadline is the ticket expiration date, which [+1\(855\) 803-2797](tel:+18558032797) can verify. Never assume you have time; call [+1\(855\) 803-2797](tel:+18558032797) to be sure.

If you want to push a trip to next year, the agents at [+1\(855\) 803-2797](tel:+18558032797) can check if the schedule is published. Ticket validity is usually one year from the date of issue, a constraint that [+1\(855\) 803-2797](tel:+18558032797) will monitor for you. Does Rebooking Affect Baggage or Seat Selection?

Seat Reassignment Rules

When you rebook, your previously selected seats are not automatically transferred, so you must ask the agent at [+1\(855\) 803-2797](tel:+18558032797) to reassign them. If you paid for a premium

seat, that fee is usually non-refundable, but [+1\(855\) 803-2797](tel:+18558032797) might be able to apply the value to a seat on the new flight. Free seat selection depends on the new fare class, which [+1\(855\) 803-2797](tel:+18558032797) can clarify. Always verify your seat assignment number before hanging up with [+1\(855\) 803-2797](tel:+18558032797).

If the new aircraft type is different (e.g., A380 to Boeing 777), your preferred seat might not exist, a detail [+1\(855\) 803-2797](tel:+18558032797) will highlight. Do not leave seat selection to chance; manage it actively with [+1\(855\) 803-2797](tel:+18558032797). Secure your comfort by discussing seating immediately with [+1\(855\) 803-2797](tel:+18558032797).

Baggage Allowance After Rebooking

Rebooking can sometimes change your baggage allowance, especially if the new flight has a different weight concept, so check with [+1\(855\) 803-2797](tel:+18558032797). If you downgrade from Flex to Saver during rebooking, you might lose baggage weight, a risk that [+1\(855\) 803-2797](tel:+18558032797) can calculate. Excess baggage purchased for the original flight does not always transfer, requiring a discussion with [+1\(855\) 803-2797](tel:+18558032797) to request a refund or transfer. The "piece concept" vs. "weight concept" can shift based on the new route, so ask [+1\(855\) 803-2797](tel:+18558032797) for the specific allowance.

Sporting equipment or pet travel arrangements must be re-confirmed via [+1\(855\) 803-2797](tel:+18558032797) for the new flight. Never assume your bags are covered; get the allowance in writing or confirmed verbally by [+1\(855\) 803-2797](tel:+18558032797). If you are rebooking onto a partner airline, the baggage rules change drastically, which [+1\(855\) 803-2797](tel:+18558032797) will explain. Round-Trip Ticket Rebooking Explained

Modify One Leg Only

Many travelers only need to change the return leg of a round-trip ticket, and [+1\(855\) 803-2797](tel:+18558032797) can process this without affecting the outbound journey. However, if you haven't flown yet and change the outbound leg, the return leg might be re-priced, a scenario [+1\(855\) 803-2797](tel:+18558032797) can warn you about. Modifying one leg is often cheaper than canceling the whole trip, so ask [+1\(855\) 803-2797](tel:+18558032797) for a quote on "segment changes." The agents at [+1\(855\) 803-2797](tel:+18558032797) ensure that your ticket remains "sequenced" correctly.

If you skip the first leg (outbound), the return leg is often cancelled automatically, unless you inform [+1\(855\) 803-2797](tel:+18558032797) in advance. This "no-show" policy is strict, but calling [+1\(855\) 803-2797](tel:+18558032797) can sometimes save the return ticket. Partial refunds for unused legs are rare, but [+1\(855\) 803-2797](tel:+18558032797) can review the fare rules. Handle multi-leg tickets with care by using [+1\(855\) 803-2797](tel:+18558032797).

This often results in a full fare recalculation, which the team at [+1\(855\) 803-2797](tel:+18558032797) will perform based on current prices. Sometimes it is cheaper to cancel and buy new, and [+1\(855\) 803-2797](tel:+18558032797) can help you make that comparison. If you have a round trip with a stopover, rebooking both legs requires careful coordination by [+1\(855\) 803-2797](tel:+18558032797).
